Dhanvin Vadlamudi

Backend Engineer · AI/ML Systems · FastAPI · Node.js · LLMs

+91 77806 91593 · dhanvin.vadlamudi265@gmail.com · LinkedIn · GitHub · LeetCode · Portfolio

SUMMARY

Software Engineer with production experience shipping FastAPI backends, NLP pipelines, LLM-integrated systems, and Chrome MV3 extensions. Built and deployed RAG-adjacent inference pipelines, real-time data infrastructure, and AI-powered developer tools with verifiable delivery metrics. Targeting backend and AI/ML engineering internships at product-driven companies.

EDUCATION

B.Tech — Artificial Intelligence · Newton School of Technology, Rishihood University — 2024 – 2028

Intermediate (Class XII) · Sri Chaitanya College — 2022 – 2024

Matriculation (Class X) · Sri Chaitanya Techno School — 2021 – 2022

EXPERIENCE

Software Engineer Intern · Thoughtiv — Jun – Oct 2025 · Hyderabad, Hybrid

- Built a full-stack SEO automation platform end-to-end — FastAPI REST backend, async pipelines, and a Chrome MV3 extension handling session-authenticated form submissions across 8 directories; reduced per-submission time from ~25 min to under 10 min, cutting manual effort by ~60%.
- Designed a SpaCy NER pipeline on CPU-only infrastructure, replacing a brittle regex system and reducing false-positive entity classifications across a 500+ document evaluation set.
- Managed API versioning, staged rollouts, and production observability across 3 deployments — maintained 99.5%+ uptime with zero critical incidents.

Freelance Web Developer · Independent — Mar – May 2025 · Remote

- Delivered 2 production web applications for clients using React and Node.js, both completed within agreed timelines.
- Integrated third-party payment and booking APIs, reducing manual admin overhead for both clients.

PROJECTS

PR Review Bot — AI-Powered GitHub Code Review SaaS GitHub Demo · *FastAPI · Groq (LLaMA 3) · React · MongoDB · GitHub OAuth* — 2025

- Routes PR diffs through LLaMA 3 via Groq and posts structured AI feedback (bugs, security, improvements) as inline PR comments — webhook-to-comment latency under 3 seconds across 12+ repositories.
- Built a diff-parsing pipeline normalising GitHub's raw patch format before LLM inference, reducing hallucinated line references; GitHub OAuth 2.0 with token refresh and per-repo webhook auto-registration — no manual setup required.

MeetingMind — AI Meeting Intelligence Chrome Extension GitHub Demo · *Chrome MV3 · FastAPI · HuggingFace BART · PyTorch · Docker* — 2025

- Chrome MV3 extension captures live Google Meet audio via Web Speech API with chunked buffering; transcripts route asynchronously to a self-hosted BART summarisation service — validated across 10+ real meeting sessions with zero transcript loss.
- Containerised FastAPI backend with Docker; post-processing layer extracts action items, key decisions, and TL;DR. Auto-restarts on API resets and handles multi-speaker disconnects gracefully.

PeerSpace — Real-Time Study Collaboration Platform GitHub Demo · *React · Node.js · Express · Socket.io · WebRTC · MongoDB* — Mar 2025

- Supports 5+ concurrent users per session — Socket.io for low-latency event sync, WebRTC for P2P video without relay servers.
- Built room lifecycle management, session state persistence, and graceful reconnection logic to handle participants dropping mid-session without data loss.

SKILLS

Languages:	Python, JavaScript, TypeScript, SQL, HTML/CSS
Backend:	FastAPI, Node.js, Express.js, REST APIs, WebSockets, Socket.io, WebRTC
AI / ML:	HuggingFace Transformers (BART, LLaMA 3), SpaCy NER, PyTorch, OpenCV, Groq API
Frontend:	React, Next.js, Tailwind CSS, Chrome Extension MV3
Databases:	MongoDB, PostgreSQL
DevOps:	Docker, Git, GitHub Actions, Vercel, Render, HuggingFace Spaces

CERTIFICATIONS

Full-Stack Development Bootcamp · Alfaleus Technology, IIT Hyderabad — Jul 2025

- Selected top 10% from 1,200+ applicants — shipped production projects in full-stack automation, Chrome extensions, web scraping pipelines, and backend API integrations.

ACHIEVEMENTS

- Reliance Foundation Undergraduate Scholar — merit-based scholarship for undergraduate studies.
- 200+ LeetCode problems solved · 1300 rating.
